

Amplify Your Impact with Your Donor-Advised Fund

A simple way to support Children's National – today and for generations

If you have a donor advised fund (DAF), recommending a grant to Children's National is one of the easiest and most flexible ways to support exceptional care, groundbreaking research and hope for children and families.

Three Simple Ways to Give Through Your DAF

1. **Recommend a grant today.** Make a one-time grant to Children's National and provide exceptional care for children and families.
2. **Support children's health all year long.** Set up recurring grants through your DAF to provide ongoing support for the programs and services that children depend on.
3. **Create your legacy.** Name Children's National as the beneficiary of all or a percentage of your DAF so your generosity continues to help children's health for generations to come.

How It Works

Make a Lasting Impact

A DAF is like a charitable savings account. It gives you the flexibility to recommend how much and how often grants go to support the causes you care most about.

A DAF offers:

- Simple, convenient giving
- Flexibility to recommend grants when it works best for you
- The ability to support multiple charitable organizations
- An easy way to create a lasting charitable legacy

End of Year Reminder:

Recommend a grant through your DAF before Dec. 31, 2026 to support Children's National patients and families this year.

The information on this piece is not intended as legal or tax advice. Please consult an attorney or tax advisor to determine what is best for your personal circumstances.

Questions?

Whether you're recommending a grant today or considering you DAF as part of your long-term charitable giving, I'm happy to answer questions and help you achieve your charitable goals.
